

When struggling with PUFFY EYES:

Some CAUSES:

To address this issue effectively, one has to look at the causes of puffy eyes:

- Normal aging process
- Skin disorders such as dermatitis
- Diet
- Hypothyroidism
- Dysfunction of tear glands
- Nephritic syndrome; puffy eyes may be the first sign of this condition
- Contact lenses
- Allergies
- Conjunctivitis
- Blepharitis
- Styes
- Eye infections

Keeping the causes in mind, and aiming to address these causes, I can recommend the following:

Myrrh Anti-Ageing & Healing serum

Cannabis Puffy Eye Crème
