It is crucial to exercise caution when taking ashwagandha alongside certain other medications. 2. Sedative: Ashwagandha may cause sleepiness and slow breathing, so taking it in combination with sedatives may increase these effects. 3. Thyroid hormone: Because Ashwagandha might increase the body's production of thyroid hormone, taking it with thyroid hormone pills might result in excessive levels of thyroid hormones. 4. Common side effects may include drowsiness, upset stomach, diarrhea, and vomiting. However, these side effects are usually mild and can be managed by adjusting your dosage or discontinuing use. 5. In some cases, ashwagandha might increase the side effects associated with chemotherapy and radiation, such as fatigue and weakness. <p>NB: Important to consult your own Medical Doctor and/or Oncologist prior to using "Ashwaganda Capsules"</p> <p>DOSAGE: •Adults may take 1-2 capsules per day, 1 in morning, 1 at night, no less than 2 hours before or 2 hours after chronic medication. •Do not exceed this dosage •Not to be used by children under the age of 16 years. •Important to consult your own Medical Doctor and/or Oncologist prior to using "Ashwaganda Capsules"</p> <p>PRICE: 10's R35; 60's R160</p> |
| <p>Black Seed Oil</p> | <p>"A remedy for every illness except death"!</p> <p>Black seed oil is cold-pressed from the seeds of the Nigella sativa plant and is a rich source of essential fatty acids (EFAs). It is used as a nutritional supplement and has powerful anti-inflammatory, anti-bacterial and anti-viral properties. In particular, black seed oil can be used to alleviate symptoms of arthritis, eczema, acne, and psoriasis. Researchers believe the active ingredient in black seed oil to be thymoquinone, a phytochemical that has a strong influence on key mediators of inflammation. The oil is referred to using a variety of names: Black Seed, Black Cumin, Kalonji, Kulunji.</p> <p>Take 5ml once daily, no less than 2 hours before or 2 hours after chronic medication</p> <p>100ml R130</p> |

► Question 5: What is the side effects of "Spirulina Capsules"?

1. Spirulina is generally considered safe for most people. However, some side effects may occur, especially if consumed in large quantities. It is crucial to exercise caution when taking Spirulina alongside certain other medications.
2. Since spirulina helps to cleanse the colon and flush out the toxins, you might experience sleepiness and tiredness. This is caused because your organs and excretory system are working overtime.
3. People with auto-immune diseases should not take Spirulina.
4. Common side effects may include upset stomach, diarrhea, and vomiting. However, these side effects are usually mild and can be managed by adjusting your dosage or discontinuing use.
5. Spirulina may interfere with your current prescription medicines.

NB: Important to consult your own Medical Doctor and/or Oncologist prior to using "Spirulina Capsules"

► Question 6: Who cannot use "Spirulina Capsules"?

- Not to be used by pregnant, lactating women.
- People with autoimmune disease.
- Children under the age of 16.
- See answer to Question 5.

► Question 7: Is "Spirulina Capsules" approved by the Medical & Health Authorities?

NO, it is a 100% herbal and natural product. It is absolutely the client's own decision to follow the pharmaceutical route, or the natural route. Read our full Disclaimer on our website: www.dianas.co.za

NB: Important to consult your own Medical Doctor and/or Oncologist prior to using "Spirulina Capsules"

► Question 8: What is the required dosage:

- Adults may take 2-4 capsules per day, best time to take is at bedtime, no less than 2 hours before or 2 hours after chronic medication.
- Do not exceed this dosage
- Not to be used by children under the age of 16 years.
- Important to consult your own Medical Doctor and/or Oncologist prior to using "Spirulina Capsules"

► Question 9: Is "Spirulina Capsules" addictive or habit forming?

NO

► Question 10: Will you experience any withdrawal symptoms when quit using "Spirulina Capsules"?

NO

► Question 11: How soon after I start using "Spirulina Capsules" will I notice a difference?

Some people may experience the benefits immediately, or after several days. In some cases, it may take longer.

► Question 12: What is the shelf life of "Spirulina Capsules"?

The shelf life is +- 1 year from the date of purchase.

Important to store your "Spirulina Capsules" away for heat and direct sunlight.

DIATOMACEOUS EARTH: (D.E.) “food grade”

| | |
|---|---|
| Diatomaceous Earth (D.E.) “food grade” | <p>NB: Take Diatomaceous Earth no less than 2 hours before or 2 hours after chronic medication.</p> <p>Diatomaceous Earth (D.E.) ~ Food Grade</p> <p>50g D.E. loose powder R40 250g D.E. loose powder R160 80g DE Shaker R65 20's D.E. Capsules R30 120's D.E. Capsules R160 720's D.E. Capsules R770 600mg Size 00 “100% VEGAN” Capsules</p> <p>► WHAT is DIATOMACEOUS EARTH? Food Grade freshwater Diatomaceous earth (DE) is a fine powder made from the fossilized remains of tiny microscopic shells created by one-celled plants called Diatoms. Food grade DE is fresh water origin and untreated. This ensures it consists of amorphous Silica, as opposed to crystalline silica. Approved by the MCC and Dept. of agriculture. ► BENEFITS: •Works against allergies •Assist with food allergies •Lower cholesterol •Improve Digestion, absorbing more nutrients and flushing out waste. •Remove Toxins (especially heavy metals) •Lowering of blood pressure •Relief from arthritis pain •Increased energy •More regular bowel movements •Smoother complexion •Sinus and cough relief. •Stronger hair and nails •Eliminate Head Lice •Eczema / Psoriasis •Acne •Nail fungus •Natural insect repellent And many more</p> <p>► SIDE EFFECTS: •Because DE is highly absorbent, it may have a dehydrating effect. Take DE with sufficient water. •Fresh water D.E. is on the “Generally Recognized as Safe”-list of FDA of USA, as well as the Directorate of Food Control for South Africa. Silicon Dioxide occurs naturally in the body. •Some “detox” symptoms may occur during 1st week, simply increase water intake. •If you are suffering from any medical condition, it is advisable to seek medical advice before starting any new medicine, supplement or remedy. •Do allergy test before use. •Not for pregnant women.</p> <p>► HOW TO USE: Take 5ml to 15ml DE in morning on empty stomach, mix with 250ml still water, followed with another glass clear still water. (Take 4-6 capsules per day). ► CONTAINS: Food Grade fresh water Diatomaceous earth (DE) is a fine powder made from the fossilized remains of tiny microscopic shells created by one-celled plants called Diatoms. Food grade DE is of fresh water origin and untreated. This ensures it consists of amorphous Silica, as opposed to crystalline silica. *Store @cool room temp. *Keep lid on at all times. ► This DE product has been approved by MCC & Dept. of agriculture.</p> |

***Meaning of “AA” = Anti-Ageing

Ts + Cs:

- ▶ *You can only get free samples WITH a "paid purchase".*
- ▶ *Max 2 samples of one product may be chosen. The purpose is for you to test various products, and not only ONE product.*
- ▶ *The quantity of free samples depends on the total amount of your purchase.*
- ▶ *Samples may not be sold.*
- ▶ *The guideline is to give clients 1 sample for every R200 they spend. Max 8 samples may be given to any client.*
