BULBINELLA : Our "Signature Products": Diana Herbst started making Bulbinella Cream for herself, as from May 2009. She suffered from terrible Eczema and learned about the healing properties of the Bulbinella plant. After being unemployed for nearly 2 years, and with her who had the desire to work from home, she started selling Bulbinella Cream on Facebook from April 2011. All the other products on this price list are "designed" by herself, by being inventive and creative (from her "ADHD mind"). Diana wishes to thank each client and agent for their loyal support.

NB info re dealing with MENOPAUSE:

We can truly recommend my Menopause serum, Diana uses it daily, with no side effects, and she also uses absolutely no hormonal medications. Menopause serum helps her to feel normal. Good advice: stay away from all foods & drinks containing sugar, it worsens your menopause symptoms. By staying away from sugar you will alleviate 95% of your menopause symptoms. Also do not eat any foods containing wheat- or bread- or cake flour, it worsens your menopause symptoms. Whenever you feel bad, eat black grapes, black licorice & black chocolate. NB: in moderate quantities! Eat healthy and wholesome foods. Eat fresh fruit and vegetables. Eat almonds. Do not take any alcohol! Drink 4-6 glasses still water each day. Drink ¼ teaspoon Epsom salts (in ½ glass warm water) on empty stomach, do this for the rest of your life. Epsom salts is an excellent source of excellent Magnesium. SOAK in Epsom salts bath every second of third evening, before going to bed. Put 1 cup Epsom in bath water.

NB info when dealing with INSOMNIA: In the modern day there are certain activities that increase your chances to suffer from INSOMNIA: Internet browsing after 17h00, Mobile phone activities (such as whatsapp) after 17h00, eating spicy foods, Drinking alcohol excessively, Eating sweets and chocolates after 17h00, drinking too much water after 17h00 (you over stimulate your bladder), Unhealthy eating habits (any eating after 18h30), Health issues, such as arthritis, asthma, chronic pain, Doing office work after 17h00. taking naps in afternoon, Working irregular hours (shifts), Worries, anxiety, Drinking caffeine after 17h00.
